INTRODUCTION

Augmented reality and beyond

Over the last decade we have witnessed the evolution of laparoscopic techniques with the implementation of robot-assisted surgery and other novel technologies and instruments. Imaging has evolved together with the surgical technologies and CT / RM - based 3D reconstructions have become one of the key point for precision surgery.

With the present seventh edition the TUM aims to highlight how the road from “cognitive” procedures to augmented reality is leading us toward a next level of surgery.

The scientific program of this 3-days event will include an exciting combination of live surgery sessions, lectures and thought-provoking debates featuring the world’s experts in the field.

Key topics will be discussed with a focus on recent groundbreaking updates in urologic oncology during the first day, live surgery sessions featuring advanced procedure in laparoscopic, robot-assisted and image-guided surgery.

The pure laparoscopic cases will be performed with the 4K IMAGE1 S and broadcast to the auditorium by a full 4K transmission.

Each delegate will be given the opportunity to experience the amazing 4K quality of view, without missing any anatomical details and make the most of the live surgery session.

For this reason, we are confident that this edition of the TUM will be, once again, a unique opportunity of “tasting” the latest advancements and innovations in urologic surgery. We would like to welcome those who have decided to come back after joining us during the previous editions, and those who are new to the TUM.

We look forward to seeing you in Turin!

Kindest regards.

SAN LUIGI HOSPITAL - UROLOGY

The Urology Department in San Luigi Hospital manages all uro-oncology, adrenal disease, urogynaecology, andrology and obstructive pathology including urolithiasis. The most recent and modern technologies are available for diagnosis and treatment of such diseases.

Minimally-invasive surgery and robotic surgery have been developed in the last years, being San Luigi Hospital’s Urology Department a pioneer centre for many techniques.

Our Staff is continuously involved and invited to attend the most prestigious International (EAU, ESU, AUA, WCE) and National Meetings (IEA, SiURO, SIU).

Thanks to the intensive scientific activity our experiences are yearly published and accessible in the most famous international peer-reviewed journals.
14.00 - 14.15 Welcome & Introduction
Giorgio V. Scagliotti: Department of Oncology, School of Medicine, University of Turin

Prostate Cancer Session - Diagnosis
Moderators: Marco Volante, Daniele Regge

14.15 - 14.30 PSA and predictive models for prostate cancer Giorgio Gandaglia
14.30 - 14.45 MRI in diagnosis and staging of prostate cancer in 2018: state of the art. Maarten de Rooij
14.45 - 15.00 ESUP lecture: is targeted prostate biopsy the new standard? The pathologist’s point of view Rodolfo Montironi
15.00 - 15.15 PET-MRI: state of the art Francesco Ceci

Prostate Cancer Session - Therapy
Moderators: Giovanni Muto, Massimo Di Maio

15.15 - 15.30 Focal therapy: is it ready to be the “first choice” treatment? Massimo Valerio
15.30 - 15.45 Oligometastatic prostate cancer: what is the role of surgery? Vincenzo Ficarra
15.45 - 16.00 Radiometabolic therapy for recurrent prostate cancer: state of art Homayoun Zargar
16.00 - 16.15 Neoadjuvant therapy in high risk patient: a new therapeutic option? Alberto Lapini
16.15 - 16.30 Is gene profiling able to define biologic behaviour in prostate cancer? Sara Moscovita Falzarano

16.30-16.45 Discussion

16.45-17.15 Coffee break

17.15-17.30 Lecture: The dark side of radiotherapy: all that the urologist must know
Presenter: Umberto Ricardi
Lecturer Alberto Bossi

Update on other urological malignancies
Moderators: Alessandro Volpe, Marcello Tucci, Andrea Veltri

17.30 - 17.45 VI-RADS: a new reporting tool in bladder cancer imaging? Valeria Panebianco
17.45 - 18.00 Bladder-sparing approach in MIBC: myth or reality? Maurizio Brausi
18.00 - 18.15 New targeted therapies for bladder cancer Massimo Di Maio
18.15 - 18.30 Ablation therapy for small renal masses: technologies and current role Maria Carmen Mir
18.30 - 18.45 Cytoreductive nephrectomy in the era of targeted therapies for mRCC Ilhaar H. Derweesh

18.45 – 19.00 Minerva Urologica e Nefrologica (MUN) Lecture: Is there a relationship between prostate inflammation and BPH?
Presenter: Francesco Porpiglia
Lecturer: Cristian Fiori

19.00-19.15 Adjournment
Giorgio V. Scagliotti, Marco Volante, Francesco Porpiglia

The Italian Ministry of Health assigned n. 5 ECM Credits.

The Satellite Symposium has been accredited for the following specialties:
- General Surgery
- Oncology
- Radiotherapy
- Urology
- Pathological anatomy
- Radiodiagnostics

The 7TH INTERNATIONAL TECHNO-UROLOGY MEETING has been accredited by the Italian Ministry of Health.
The Italian Ministry of Health assigned n. 18 ECM Credits.

The Congress has been accredited for the following specialties:
- Oncology
- Radiotherapy
- Urology
- Pathological anatomy
- Radiodiagnostics

In order to receive Italian credits participants must attend 90% of the event and pass the final test.

The WORKSHOP ON UROPATHOLOGY has been accredited by the Italian Ministry of Health.

The Italian Ministry of Health assigned n. 6 ECM Credits.

The WORKSHOP ON UROPATHOLOGY has been accredited for the following specialties:
- Pathological anatomy

In order to receive Italian credits participants must attend 90% of the event and pass the final test.
EACCME® ACCREDITATION

“The 7TH INTERNATIONAL TECHNO-UROLOGY MEETING (TUM) AUGMENTED REALITY AND BEYOND: THE FUTURE IS NOW!, Orbassano, Italy, 23/01/2019-25/01/2019 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 20 European CME credits (ECMECs). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.”

“Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credit to AMA credit can be found at: www.ama-assn.org/education/earn-credit-participation-international-activities.

Each participant can only receive the number of credits he/she is entitled to according to his/her actual participation at the event once he/she has completed the feedback form.

Please find below the breakdown of ECMECs per day:

23.01.2019 - 4,00  
24.01.2019 - 8,00  
25.01.2019 - 8,00

The EACCME® awards ECMECs on the basis of 1 ECMEC® for one hour of CME with a maximum of 8 ECMECs per day.
